ICE GROTTOES INDOORS. -- It is not uccom mou now to see ice made to do duty as an ornamentation for the drawing or ball room; and I lately saw the most charming effect produced by a pyramid of the delightful erystals, com posed of three or four large blocks placed in the recess of a window, surrounded by palms, ferns, and mosses, and illuminated from behind by colored lanterns, the red, blue and green lights giving the most varied and enchanting set of prismatic hues to the transparent mass. The florist who is charged with the decoration of the apartments with flowers supplies the ice and makes such arrangements as are needful for producing the desired effect.

In country houses ladies should have no dif ficulty in iniating gardners in the art and mys-tery of preparing these delightful ice grottoes. In default of a regular zine tank a large round washing tub will serve the purpose of a receptacle wherein to place the base of the structure; nothing further being required but a sufficiency of moss and foliage arranged round the bottom, so as to hide all that is unsightly. The absolute cooling effect upon the atmosphere of a room by one or two icy devices of this sert is astonishing, and should alone recommend the custom where expense is little moment.

One of these days we expect to see a huge block of ice brought into sitting and dining rooms of all sumptuous houses for the purpose of lowering the temperature, in the same way as coal in winter is brought for the purpose of raising it. It will be looked upon then as a neces sity. The fashion of placing a large block of ice, surrounded by ferns, in the centre of the dinning table is very effective and pleasant and has lately been much developed.

ICE CREAM, SODA WATER, &c. ICE CREAM.

My Ice Cream Manufactory, one of the largest in Virginia, still continues to supply private customers, Sunday schools, excursions, picnics, fairs, festivals and associations, as well as the trade, with that SUPERIOR CREAM that has made a name in this community, and is known everywhere as BRENGLE'S ICE CREAM. 1 could easily reduce its price by lowering its quality, but good cream, of fresh, pure, wholesome ingredients, cannot be furnished at a less price than I serve it. Of course, I could "grade my cream by the price," but my cream would lose the good name that years of fair dealing have won for it. I ask that persons abroad ordering "Brengle's Cream" from third parties will assure themselves that the cream sent is certainly from my establishment. I warrant my cream, and do not wish that inferior cream, sent out as mine, may injure its reputation. It is my aim to furnish the BEST CREAM IN AMERICA, and my customers are satisfied that I do so.
